

“The comprehensive assessment of the Restorative patient – Part 1”

Venue:

Graystone Referral Centre, Hassocks,
Sussex

Date: Wednesday 6th of March 2024

Time:

Registration & Refreshments: 1830

Lecture: 1900 – 2030

AJ Ray-Chaudhuri

Consultant in Restorative Dentistry

Aims:

To improve practitioner’s ability to undertake a comprehensive assessment for a patient prior to Restorative dental care

Learning objectives for part 1:

- a) To improve practitioners’ knowledge of the key aspects of history taking for Restorative dentistry
- b) To consider the importance of patients’ concerns/wishes, the history of those concerns/wishes, the medical history, the social history, the dental history and the family history in the assessment
- c) To help create a template to allow recording of these findings

GDC development outcomes:

A - Effective communication with patients, the dental team and others across dentistry, including when obtaining consent, dealing with complaints, and raising concerns when patients are at risk.

C - Maintenance and development of knowledge and skill within your field of Practice.

Please contact Dentinal Tubules to join the “Brighton Study Club” and register your place for this lecture.
